# Smokey the Bear VINTAGE POSTER RAFFLE

The Smokey Bear Nature Poster Collection has long been popular and in high demand.

This raffled poster is an illustrated compilation of all 50 official U.S. state trees, created by each State Forester and the U.S. Forest Service.

The 15 posters were created in the mid-1980s for a major state and federal fire prevention campaign.

They are not intended for reprinting or resale.
